

“Go out there and make the Creator of the universe look amazing.”
– The Maxims of the Sisters of St. Joseph, XIII

Welcome to Jackson School.

Founded more than fifty years ago, Jackson School continues to share the vision and wisdom of our sponsor, the Sisters of Saint Joseph in educating students through “excellence tempered by gentleness.” This shared vision enables us to create an exceptional learning environment that appropriately challenges all students to reach their potential through a love of God and a love of learning. Our mission driven goal is to guide our students to blaze their own paths to excellence with joy, confidence, and integrity.

We are a student-oriented school where children come first and always remain at the heart of our commitment. Thanks to the passionate efforts of our talented and dedicated faculty and staff, involved parents, and a community that values education and social justice, our students benefit from a robust and varied curriculum. We strive to develop our students’ knowledge, critical thinking, and problem-solving skills, and nurture their curiosity and resilience. We inspire to empower every child to reach his or her fullest intellectual, social, and creative potential in an inclusive school community where students are known and loved.

Serving the Kindergarten aged child through Grade 6, Jackson students for the third consecutive year, have ranked as the top school in the Archdiocese of Boston for academic achievement with regard to the NWEA Map testing. Our programs foster leadership and responsibility through serving those in need through various outreach projects. We are extremely proud of our sixth-grade graduates who are accepted into Boston area’s most selective middle and secondary schools.

Susan G. Niden
Jackson School Principal
